

Charge Conference Forms:

All of of the forms are PDF this year.

It has been reported that the first letter in some boxes may not appear correctly. You may correct this by simply hitting the space key once.

You may be able to save your work if you have the expensive Adobe Software. It has also been reported that you will be able to save your work using Microsoft XPS Document Writer, which comes bundled with Vista, Windows 7, Office 2007 and Office 2010. Someone can, of course, save the data if they own the full Adobe program, but this is a free alternative.

If you downloaded these forms from the New Albany District website, you can input your information and save the file to your computer using most versions of Adobe Reader for all files except the Fund Balance Report.
You can download Adobe Reader from the following website:
<http://get.adobe.com/reader/>
